Sophomore Computer Science and Cybersecurity Engineering student in the Honors Program at the University of Kansas seeking a software engineering role to leverage technical and interpersonal skills.

EDUCATION

University of Kansas <i>B.S. in Computer Science & Cybersecurity Engineering, Honors College</i> – 4.0 GPA — Relevant Coursework: Programming 2, Software Engineering, Discrete Structures, Embedded Systems	Lawrence, KS <i>Expected May 2028</i>
Menlo-Atherton High School <i>High School Diploma, 4.08 GPA, 6 AP Courses</i>	Menlo Park, CA <i>May 2024</i>

PROJECTS

TURT: Custom Unix Shell 📄 <i>C, Linux System Calls, Makefile</i> – Built a functional command-line interpreter (shell) in C that parses and executes user commands. – Implemented process control using Linux system calls (fork, execvp, wait) to manage child processes and memory. – Designed a custom tokenizer to handle command-line arguments and dynamic memory allocation.	Oct. 2025 - Present
Health & Wellness Game: Get Big, Man (HackKU 25 Winner) 📄 <i>C#, Unity, FL Studio</i> – Collaborated in a 4-person team to develop a roguelike game promoting physical and mental wellness. – Implemented progression and AI in Unity; created original soundtrack; won HackKU Best Beginner Project .	HackKU 2025
Personal Portfolio Website 📄 <i>HTML, CSS, JavaScript</i> – Designed and developed a fully responsive single-page portfolio to showcase my projects and skills. – Implemented dynamic UI features using vanilla JavaScript, including an Intersection Observer for active navigation, a custom cursor, and an image lightbox. – Styled with modern CSS (Flexbox, Grid, and variables) for a clean, interactive user experience. – Deployed via GitHub Pages with a custom domain (lucasroot.org).	Sep. 2025 - Present
CLI Task Manager 📄 <i>Rust, Serde</i> – Developed a terminal-based note manager to practice Rust's memory-safety paradigms and strict type system. – Implemented data serialization features and an interactive command loop for task management.	Nov. 2025 - Present

EXPERIENCE

Founder & Lead Developer <i>chilltime (chilltimeclothing.com)</i> 📄 – Founded and manage a clothing brand; oversee design, web dev (Shopify + HTML/CSS/JS), sourcing, and finances.	Dec. 2024 – Present Menlo Park, CA
Navy Midshipman <i>US Navy ROTC, University of Kansas</i> – Completed New Student Indoctrination and Orientation; recognized for leadership potential.	Aug. 2024 – Dec. 2024 Lawrence, KS
Waiter / Busboy <i>Dessert Republic</i> – Provided customer service in a bilingual (English/Cantonese) environment at a family-owned restaurant.	Jun. 2022 – Nov. 2022 San Mateo, CA

LEADERSHIP & AWARDS

President, Kansas Crew <i>University of Kansas</i> – Lead logistics, recruitment, and community partnerships; organize regattas and team events.	Aug. 2024 – Present Lawrence, KS
Varsity Rower, NorCal Crew <i>Redwood City, CA</i> – Competed nationally (13th at 2023 Head of the Charles); coached novice rowers ages 11–15.	Aug. 2019 – May 2024
KU Excellence Scholarship <i>University of Kansas</i>	2024
Biliteracy Recognition Award (English & Spanish) <i>Menlo-Atherton High School</i>	2024

TECHNICAL SKILLS

Languages: Java, Python, C, C++, C#, HTML, CSS, JavaScript, PHP, LaTeX
Tools: Git, GitHub, Linux, SSH, VSCode, Docker
Languages Spoken: English (native), Spanish (biliterate), Cantonese (conversational)
